Packages with Namaste India Tours always include your driver's food and accommodation

Meals and entrance fees to attractions (except where noted) are not included in package price. We are happy to provide you with the most recent information we have about entrance fees, but these fees are subject to change. Entrance fees can range from a few rupees to US\$10. The Taj Mahal is currently about US\$20.

Your driver can help with restaurant selections. A good Indian meal can be had for \$2.00 to \$5.00. You would be hard pressed to spend more than \$10 at the fanciest restaurant unless you are in a five star hotel. Alcohol is available in all cities en-route except for Pushkar. We only offer AC cars. Air-conditioning may not be absolutely necessary October through February, but it is always nice to be able to roll your windows up against dust or pollution.

It is customary to tip your driver 10% for his sixteen days of continual service, more if you feel it is deserved.
